Dear Mr. Clark:

We have received and reviewed your amendment to the notice for your Miller Rock operation and we have no problems with the operation presented. We would like more detailed information on the proposed portal and proposed loop road prior to their construction. There should be increased acreage disturbed with the addition of the new portal and completion of the loop road, or are you incorporating Robert Clark's notice into yours? If that is the case, Robert Clark needs to contact us concerning his approval of that action. We stress that the contractor should have a copy of the site plan and be informed that any changes to the site plan must be submitted to us before the changes are made so that we may review the proposed changes.

If you have any questions, please feel free to contact Neil Simmons of my staff at (801) 636-3639.

Sincerely,

**MARK E. BAILEY**
